PLEASE NOTE: Months that don't have 4 Mondays or 4 Thursdays are balanced by other months that have an extra day. However, this year, we are short one Monday since FBC started taking off the Monday after Easter. So, Monday classes might make up the class at another venue, or on another day, or adjust payment to reflect one less class in May. If you have a Mon/Thursday class, no need to worry because the extra Thursday in May offsets missing a Monday. And, finally, we have an extra Thursday, so Thursday only classes might end a week early or charge for 3/4 in May.

Thus, we don't count each day per month. We pay our teacher full months until December and May, when teacher will adjust payments (if need be) or those will be 1/2 payment months.
